

Stewart Manufacturing Scholarship Application Criteria 2 - \$250 Machining

These scholarships are for students participating in Delta-Schoolcraft ISD Machine Shop Program. Two scholarships will be awarded in mid April so local schools can recognize the student at their award ceremonies.

The Scholarships will be based upon the following criteria:

- Student must be a graduating senior.
- Must be enrolled in Machining their senior year.
- Must have a B or better grade point average in their CTE program.
- Must be enrolled at a college, trade school or apprenticeship program for this fall in a field related to machining.
- Must plan to use the scholarship for the upcoming fall semester only.
- Must complete a scholarship application and personal statement essay.

Students are rated on the following areas:

- Performance in their Career-Technical Education Program.
- Interest in machining as a career.
- Attendance in their Career-Technical Education Program.
- Attitude.
- School and Community Activities.
- Work Experience.
- Essay.

The deadline for scholarship applications submission is **3:00 p.m. on FRIDAY, APRIL 7, 2017.**
